

**American
Forest & Paper
Association**

Associate Member Benefits

June 2017

AF&PA Mission

Advance a sustainable U.S. pulp, paper, packaging and wood products manufacturing industry through fact-based public policy and marketplace advocacy.

Qualifications

Companies interested in participating in select activities of the Association but who do not qualify for company membership. This membership can include converters, merchants, distributors and other businesses related to the pulp, paper, packaging and wood products industry.

Membership will allow your Organization to

- Network with the industry.
- Stay informed on developments affecting the entire industry.
- Participate in advancing the industry's position on issues of mutual concern.
- Help shape the future of the industry in which we all have a vested interest.

Associate Member Benefits

- Receive newsletters and informational mailings.
- Members-only rates on conferences and events of the Association such as the annual paper industry convention and other workshops and seminars.
- Fifty percent discount on AF&PA statistics reports that are available to the public and tailored ad hoc research requests.
- Access to AF&PA industry experts and selected research.
- Participation by invitation in industry research.
- Inclusion in all AF&PA membership listings.
- Participation in select meetings by invitation.

Member Dues

Associate Member annual dues are \$3,000 for each \$250 million in annual company sales related to pulp, paper, packaging, and wood products with a minimum of \$3,000 and a maximum of \$25,000.

@ForestandPaper

The American Forest & Paper Association (AF&PA) serves to advance a sustainable U.S. pulp, paper, packaging, and wood products manufacturing industry through fact-based public policy and marketplace advocacy. AF&PA member companies make products essential for everyday life from renewable and recyclable resources and are committed to continuous improvement through the industry's sustainability initiative - Better Practices, Better Planet 2020. The forest products industry accounts for approximately four percent of the total U.S. manufacturing GDP, manufactures over \$200 billion in products annually, and employs nearly 900,000 men and women. The industry meets a payroll of approximately \$50 billion annually and is among the top 10 manufacturing sector employers in 45 states.
