

**American  
Forest & Paper  
Association**

# Association Member Benefits

April 2019

## AF&PA Mission

Advance a sustainable U.S. pulp, paper, packaging and wood products manufacturing industry through fact-based public policy and marketplace advocacy.

## Qualifications

State, regional or national level associations that represent persons, firms, or corporations engaged directly, indirectly or interested in the business of manufacturing pulp, paper, paperboard, wood, and growing trees in the United States.

## Membership will allow your Association to

- Network with industry peers
- Stay informed on developments affecting the industry
- Participate in advancing the industry's position on issues of mutual concern
- Help shape the future of the industry

## Association Member Benefits

- Invited to participate in AF&PA policy-related committees:
  - Air Quality Subcommittee
  - Chemical and Product Stewardship Subcommittee
  - Energy Policy Committee
  - Environment Policy Committee
  - General Counsels Coordinating Committee
  - Government Affairs Coordinating Committee (Federal, State and Municipal)
  - International Trade Policy Committee
  - Tax Policy Committee
  - Transportation Policy Committee
  - Water Resources Subcommittee
  - Wood Fiber Policy Committee
- Eligible to receive newsletters and informational mailings including:
  - Grassroots Alerts
  - Topline
- Member rate on conferences and events of the Association such as selected legislative advocacy days, the spring paper conference and other events
- Access to AF&PA industry experts and selected research
- Inclusion in all AF&PA membership listings
- Access to a customized co-branded grassroots website to keep members informed on political and legislative issues affecting the industry

*The American Forest & Paper Association (AF&PA) serves to advance a sustainable U.S. pulp, paper, packaging, tissue and wood products manufacturing industry through fact-based public policy and marketplace advocacy. AF&PA member companies make products essential for everyday life from renewable and recyclable resources and are committed to continuous improvement through the industry's sustainability initiative — Better Practices, Better Planet 2020. The forest products industry accounts for approximately four percent of the total U.S. manufacturing GDP, manufactures nearly \$300 billion in products annually and employs approximately 950,000 men and women. The industry meets a payroll of approximately \$55 billion annually and is among the top 10 manufacturing sector employers in 45 states.*
