

**American
Forest & Paper
Association**

Partner Supplier Associate Member Benefits

April 2019

AF&PA Mission

To advance a sustainable U.S. pulp, paper, packaging, tissue and wood products manufacturing industry through fact-based public policy and marketplace advocacy.

Qualifications

Companies that provide material, equipment, technology, or services to the paper and wood products industry. This membership can also include converters, merchants, distributors and other businesses that share common interests with company members.

Membership will allow your Organization to

- Network with industry peers, suppliers and customers
- Gain access to top industry decision makers.
- Stay informed of developments affecting the industry
- Participate in advancing the industry's position on issues of mutual concern
- Help shape the future of the industry

Partner Supplier Associate Member Benefits

- Participation by invitation to select committee meetings and research projects
- Access to AF&PA industry experts and selected research
- Fifty percent discount on statistical reports available for purchase
- Member rates on annual conference registrations and events
- Invitation for Partner-Supplier CEO and/or top executive to attend two major members-only events during the year – Presidents Forum and biennial Washington, D.C. Advocacy Day
- Exclusive sponsorship opportunities at Presidents Forum, the association's premier annual event and priority sponsorship opportunities at other events like the spring paper conference
- Receive newsletter and informational mailings available only to members
- Inclusion in all AF&PA membership listings

Member Dues

Please contact

Elizabeth_VanDersarl@afandpa.org for more information on membership dues.

The American Forest & Paper Association (AF&PA) serves to advance a sustainable U.S. pulp, paper, packaging, tissue and wood products manufacturing industry through fact-based public policy and marketplace advocacy. AF&PA member companies make products essential for everyday life from renewable and recyclable resources and are committed to continuous improvement through the industry's sustainability initiative — Better Practices, Better Planet 2020. The forest products industry accounts for approximately four percent of the total U.S. manufacturing GDP, manufactures nearly \$300 billion in products annually and employs approximately 950,000 men and women. The industry meets a payroll of approximately \$55 billion annually and is among the top 10 manufacturing sector employers in 45 states.
